Experience

INTERN / STATE OF NEBRASKA 2023-2024

As an intern I would develop logic for projects we would do for certain agencies. Creating workflows and contributing to a team.

APPLICATIONS DEVELOPER / STATE OF NEBRASKA 2024-2024

Hired on full time my duties remained the same but with more workload. I was responsible for understanding data and creating meaningful information with agencies using data.

CREW MEMBER / VUNGTAU 2021-2023

I would be responsible for taking orders and cleaning in a timely manner. Dealing with customers and resolving any issues.

Education

APPLICATIONS DEVELOPMENT (CIT) / SCC 2023-2024

Learned the basics of applications development, and a strong understanding of Microsoft based software. C#, ASP.NET, JSP.NET, Java, and more.

BS SOFTWARE ENGINEERING / UNL 2024-2028

Started in the Spring of 2024, I wanted to deepen my knowledge in software engineering. I'm currently attending the University of Nebraska-Lincoln for software engineering.
